

SAN ANTONIO ISD RIGHTSIZING STUDY

OVERVIEW & PURPOSE

Taftiti ya Upangaji Upya wa ISD ya San Antonio
Muhtasari na madhumuni

What is Rightsizing? Je, Upangaji Upya ni nini?

On June 20, 2023, the San Antonio ISD Board of Trustees brought forward and approved a resolution on facilities planning and development. The resolution calls for a study of school building capacity for the purpose of supporting thriving schools, classrooms, students, teachers, and school leaders. We call this resolution Rightsizing.

Mnamo tarehe 20 Juni 2023, Bodi ya Wadhamini ya ISD ya San Antonio ilipendekeza na kuidhinisha azimio kuhusu upangaji na maendeleo ya vituo. Azimio hilo linapendekeza utaftiti kuhusu uwezo wa majengo ya shule kwa madhumuni ya kuwezesha shule, madarasa, wanafunzi, walimu na viongozi wa shule wanaostawi. Tunaliita azimio hili Upangaji Upya.

What is a Recommendation Package? Je, Mapendekezo yake Yanajumuisha nini?

Depending on the outcome of the study, the rightsizing recommendation package may involve closing school buildings, co-locating schools to the same campus, or consolidating multiple schools into one school. The recommendation package will also identify the schools that will welcome additional students and staff.

Kulingana na matokeo ya utaftiti, kifurushi cha mapendekezo ya upangaji upya kinaweza kuhusisha kufunga majengo ya shule, kuweka shule tofauti katika chuo kimoja, au kuunganisha shule nyingi kuwa shule moja. Kifurushi cha mapendekezo pia kitatambua shule ambazo zitawaandikisha wanafunzi na wafanyakazi wa ziada.

Why is Rightsizing Needed? Kwa nini Upangaji Upya Unahitajika?

Our enrollment and school-aged population have been declining for more than two decades, and according to demographers, will continue to decline. We invested in innovation, and it worked to some degree, but our schools have gotten emptier, and our resources are spread thin. As a result, students and their families do not have a consistent experience in our district.

Uandikishaji wetu na idadi ya wanafunzi wenye umri wa kwenda shule imekuwa ikipungua kwa zaidi ya miongo miwili, na kulingana na wataalamu wa demografia, idadi hii itaendelea kupungua. Tuliwekeza katika uvumbuzi, na umesaidia kwa kiwango fulani, lakini wanafunzi katika shule zetu wamekuwa wakipungua, na rasilimali zetu ni finyu. Matokeo yake, wanafunzi na familia zao wamekosa uzoefu ulio thabiti katika wilaya yetu.
